

# CALIFORNIA CHART OF ACCOUNTS

## CALIFORNIA FILM & TELEVISION TAX CREDIT PROGRAM 2.0

September 2018

### For Productions with CALs issued on or after July 1, 2016

The chart below is intended as a helpful guide. Qualified Expenditures apply to pre-production, production, and post-production – not for development, marketing, publicity, or distribution costs. Please read Budget Tagging and Tracking Tips and the Program Guidelines before budgeting your project.

Qualified expenditures qualify for tax credits. In order for purchases and rentals to qualify, they must be purchased or rented and used in the state. In order for wages to qualify, all services must be performed in the state.

All out of state expenditures should be tagged XX in your total production budget and as a free field code. This will enable the production to calculate all qualified and non-qualified California expenditures (for reporting purposes) and exclude the non-qualified out of state expenditures. XX tagging is not indicated in the chart below.

The first column is for Independent Films, with (VU) indicating visual effects expenditures eligible for Bonus Points.

The in zone/out of zone columns are for non-independent projects (excluding Relocating TV Series).

5% UPLIFT TAGGING – Non-Independent Productions only (excluding Relocating TV Series):

- Visual Effects (VU) and Music Scoring & Track Recording (MU) expenditures that qualify for the additional 5% tax credit are indicated in GREEN. VFX (VU) expenditures also qualify for jobs ratio bonus points and so are included in the “Indie” column; Independents do not qualify for “uplifts”.
- “Outside the Zone” (OZ) expenditures include prep, shoot, and strike periods only – as long as expenditures are incurred outside the zone and related to Principal Photography (PP), 2<sup>nd</sup> Units and/or Reshoots during the **applicable period** (prep/shoot/strike) outside the LA Zone.
- WAGES: All wage related line items for labor working outside the LA Studio Zone should be tagged (QW and ZW). Wages must be paid directly by the production company through a payroll service or accounts payable.
- NON-WAGE EXPENDITURES (Consumables), **purchased or leased outside the zone and used entirely outside the zone**, may be tagged (ZC). ZC expenditures will not be prorated; applicants will get 100% of the cost toward tax credits. A list of total consumables can be found in the Guidelines – Appendix A.
- NON-WAGE EXPENDITURES (Non-Consumables): Non-wage outside the zone expenditures may be tagged (ZE). **ZE expenditures are non-consumables that are rented or purchased and used OZ and may also be used in zone.** ZE expenditures are pro-rated by the number of PP days OZ in relation to total PP days.

**Yellow = Recent changes**

**FRINGE BENEFITS**

*It is advisable to set up budgets with the following fringe breakdown as federal fringes and others must be excluded from California tax credit calculations. Non-Qualifying fringe must be separated or zero' d out when creating the Qualified Expenditure budget.*

**Note:** *If fringes are combined, they must include itemized calculations showing how the combined total was achieved and must not exceed individual ranges.*

*The CFC will not accept budgets with ALL-INCLUSIVE fringe rates that include Non-Qualifying Fringe (e.g., FICA, MEDICARE, FUI, FUTA, PIT [personal income tax withholding]).*

Description	Type		Max Accepted %	Notes
Unemployment Insurance	Fed	FUI	0	Exclude from Incentive Budget
FICA – Social Security	Fed	FICA	0	Exclude from Incentive Budget
