

California Film Commission PRODUCTION ALERT

DATE: September 25, 2017

CFC PUBLISHES ANNUAL TAX CREDIT PROGRAM REPORT

The California Film Commission issues an annual report to provide the legislature, state government staff, and the public with an assessment of the Program's economic impact to the state, as well as statistical information and insights into California's entertainment production industry.

Despite fierce competition, our incentive has enabled California to remain competitive, retain many productions at risk of leaving and attract productions from out-of-state.

The report provides details about each fiscal year of the Film and TV Tax Credit Program 2.0 from its launch in July 2015 through June 2017. It also includes a summary with updated figures for the original film tax credit program which launched in 2009.
